# FOOD FEST

---

Date: Jan 04th, 2023

The "Go Green, Go Healthy" food fest, organized by the PGDM students at the PISM campus, presents a one-of-a-kind opportunity to showcase the delicious and nutritious benefits of a plant-based diet. The fest will feature a diverse array of vendors offering a wide range of vegetarian and vegan options, from hearty meals to delicious desserts.

Savor the taste of authentic and mouth-watering treats, starting with the heavenly coconut jaggery ladoo, the creamy rice jaggery kheer, the nutritious protein salad, the addictive appe, the crunchy muri mixture, the rejuvenating panakam, and the crispy chana fry.

The fest aims to raise awareness about the environmental and health advantages of a plant-based diet and to provide information and education about environmentally-friendly food choices. This event promises to be a fun and educational experience for everyone involved, and a great way to celebrate the benefits of going green and eating healthy.

This event will be a great opportunity for the food enthusiasts to explore the diversity of plant-based food options, and to learn about the impact of our food choices on the environment and our health. With a variety of delicious and nutritious options on offer, the "Go Green, Go Healthy" food festival is sure to be a hit with everyone who attends.

# PONGAL

Date: Jan 11th, 2023

Sankranti is a festival celebrated in various parts of India and Nepal to mark the transition of the sun into the Makara (Capricorn) zodiac sign. It typically falls in mid-January and is celebrated with different traditions and customs in different regions. In Andhra Pradesh and Telangana, it is called "Sankranti" and is celebrated for three days. In Tamil Nadu, it is known as "Pongal" and is a four-day long harvest festival. In Maharashtra, it is called "Makar Sankranti" and is celebrated with kite flying. In Odisha, it is known as "Makar Sankranti" and is celebrated with the "Makar Mela" fair.

Pongal is a four-day-long harvest festival celebrated in Tamil Nadu, a southern state in India. It is typically celebrated in January and marks the beginning of the sun's six-month-long journey northward, also known as Uttarayana. Pongal is a celebration of the abundance of the harvest and is a time to give thanks to the sun, the earth, and the farm animals that helped in the harvest.

The first day of Pongal, called Bhogi Pongal, is a day to discard old possessions and make way for new ones. The second day, Surya Pongal, is dedicated to the sun god and is the main day of the festival. On this day, people prepare and offer special dishes to the sun god and decorate their homes with kolams (rangoli designs) made of rice flour. The third day, Mattu Pongal, is dedicated to cattle and farm animals and is celebrated with traditional games and rituals to honor and thank them for their contribution to the harvest. The fourth and final day, Kanum Pongal, is a day of family gatherings and feasts.

# FOUNDATION DAY

Date: Jan 16th, 2023

The foundation day of Sunstone was a memorable celebration of education, community, and progression. The day was filled with exciting events, including an impromptu speaking and debate competition that showcased the talents and skills of our participants.

The impromptu speaking competition was particularly thrilling, as participants were given a prompt and had to speak on it without prior preparation. The winners of the competition, Shashank Kumar, Anju Yadav, and Deep Shikha Kumari, demonstrated exceptional composure, knowledge, and quick-thinking abilities under pressure, setting a high standard for future competitors.

The debate competition had a particularly thought-provoking topic: "Girls can face more peer pressure than boys." This topic sparked lively and thought-provoking discussions among the participants, who presented well-reasoned arguments and persuasive speaking skills. The winners of the debate competition, Yalla Chakradhar, Anju Yadav, and Arbaz Khan, stood out with their exceptional analytical abilities and ability to articulate their arguments effectively.

Overall, the foundation day of Sunstone was an enjoyable and edifying experience for all involved. We were proud to celebrate our community, our education, and our progression, and look forward to many more years of fostering education and growth at Sunstone.

# REPUBLIC DAY

Date: Jan 25th, 2023

Republic Day celebrations in college to instill a sense of patriotism among students. These celebrations include a patriotic songs, speeches and cultural performances may include students dressed in traditional attire, representing different states and cultures of India. It also include a display of patriotic fervor, cultural programmes, and speeches by dignitaries. We also conduct competitions such as level-up related to the theme of republic day. These events are organized to create awareness among students about the importance of the day and to encourage them to participate in the celebration of the nation's achievements and progress.

A speech was delivered by PGDM student, emphasizing the significance of Republic Day and the importance of national unity.

A group of PGDM students performed patriotic songs to celebrate the occasion and foster the spirit of nationalism.

A tribute video was played, showcasing the sacrifices and contributions of our freedom fighters and national leaders.

An interactive activity named "Level Up" was organized, where students were divided into teams and competed against one another in a quiz competition related to the Indian Constitution and Republic Day.

Sweets were distributed among the students and faculty to mark the occasion and to spread the spirit of joy and unity.

The celebration of Republic Day helped instill a sense of national pride and unity among the students and faculty.

The successful organization of the Republic Day celebration required the cooperation and hard work of many individuals, highlighting the importance of teamwork and collective effort in achieving a common goal.

# MAKE IN SUNSTONE

Date: Jan 26th, 2023

In the recent "Make in Sunstone" PAN India competition, that aimed to showcase the creativity and innovation of students in creating technical and non-technical products. The competition featured an online bidding process for the sale of these products.

## Product guidelines:

- Theme: The product must fall under either tech or non-tech category
- Sale Price: The product must have a sale value and should not exceed 2,000
- Cost: The profit margin should not exceed 20% of the total cost of the product

Anji from the MBA program participated by creating an intricate elephant head wall hanging. Despite it being a non-technical product, Anji put in a great deal of effort and dedication to make it a success. The wall hanging was a true testament to Anji's creativity and skill. We appreciate Anji's hard work and dedication towards this project and wish him all the best for his future endeavors.

The format of the event comprises of an online auction on January 27th, followed by an offline exhibition on campus. In the event that an offline exhibition is not feasible, tech students are required to establish an online presence for these products where they can be sold.

The benefits for the creators include an increase in self-assurance, discovering new sales channels, interacting with customers and analyzing costs. The benefits for the organizers include learning how to conduct an auction, organizing an offline exhibition, coordinating with various team members, and identifying vital roles in executing a sale such as finances, marketing, customer handling, and stall management.
